Objective

As a highly motivated developer with a genuine passion for coding, I am actively seeking a challenging and fulfilling job opportunity. With my strong technical skills, I am eager to contribute to your team's success and make a meaningful impact.

Technical Skills

- **FRONTEND** – HTML, CSS, SASS/SCSS, JavaScript, JQuery, Responsive Web Design, TailwindCSS, LESS, Bootstrap, Material UI, ReactJS
- **BACKEND** – NodeJS, ExpressJS, and PHP
- **DATABASE** – MySQL and Postgres
- **OTHERS** – AJAX, OOP, SocketIO, ORM, APIs, Git, Github, Vercel, Netlify, MySQL Workbench, PGAdmin4, SQL Queries, Codeigniter, and Figma

Training And Seminar

- **Village88 Bootcamp Batch 4 (January 2023 – April 27, 2023)**
Underwent rigorous training for a period of four months, acquiring proficiency in an extensive range of technologies, while focusing specifically on refining my web fundamentals.
- **Proficient in Web Fundamentals (January 2023)**
- **Proficient in Front-End Development (April 2023)**
- **Best Capstone Award (April 2023)**
- **Best Developer Award (April 2023)**
- **Best Team Player Award (April 2023)**

Personal Projects

- **SIEMES** – A Content Management System web application designed specifically for merchants to help build their online stores. [Video demo here](#)
- **TODOLIST** – A comprehensive task management system web application, allowing users to create, organize, and categorize their tasks with ease. It provides the flexibility to create task lists, set due dates, and assign priorities to ensure efficient workflow management. [Video demo here](#)
- **VIDEO SEARCH** – A web application that utilizes Youtube API. [Video demo here](#)
- **MOVIES APP** – A web application that utilizes TMDb API. [Video demo here](#)
